Our Story

Zeep Natural Products began as a passion for making natural soaps, but soon evolved into something closer to my roots. Growing up with a bee-farmer father, bees and beeswax were part of everyday life. Today, that inspiration lives on in my handmade beeswax candles, crafted with care using only natural, quality ingredients. Each candle is more than a product—it's a piece of my story.

Be the light in the darkness.

Elevate your Senses

Discover our exclusive collection of handcrafted natural beeswax candles, meticulously produced with natural ingredients.
